### OUR MISSION

Right Steps Network, a 501(c)3 non-profit religious organization that partners with churches and outreach facilities to promote religious activities conducive to spiritual growth for at-risk entities.

Our Motto is: "The Non-Profit for the At-Risk"

## KEY PROGRAMS IN A GLANCE

Right Steps Network has been in existence since 2009. As a non-profit agency serving low-income individuals and families, we aim to provide a worthwhile option to an at-risk lifestyle.

The Indiana Next Level Basketball Program is a girl's only basketball training club in Evansville Indiana.

In 2019 we had two players go to college that participated in the program.

Both players received basketball scholarships.

The Evansville Youth Sports Grant provided equipment for this sports program.

Our basketball training camp starts in January and ends in July. Depending on the number of participants we create basketball teams that travel and play in various tournaments. The girl's parents donated funds to cover their travel, lodging and food expense.

We also received funds from the Evansville Youth Leadership grant that allowed us to attend a leadership class sponsored by the Fabulous After Thirty Evansville (F.A.T.E.). Here is a list of benefit our program focuses on.

- Provides a safe environment
- Builds leadership & character
- Emphases on education
- Promotes confidence
- Team interaction & bonding

## FUTURE PROGRAM PLANS

Each year we try to promote more to expand our basketball program. We've had great success since the start of the program. Our goal is give these basketball players another option to go to college via a basketball scholarship. When we have travel teams that participate in certified tournaments, the players are scene by hundreds of college coaches in attendance looking for players. We know with hard work and a little luck, some of these young ladies will make it to the next level and get to fulfill a dream to continue to play basketball beyond high school.

We continue to looking for more volunteers to assist us with the growing number of girls that join our program.
